

Smart Space Orchestration **Hands-On** 21.5.2014 | 9am - 6pm **free** in English

flyer: marc-oliver@pahl.de

@Leibniz-Rechenzentrum - Boltzmannstraße 1 - 85748 Garching
U6 stop Garching-Forschungszentrum

G. Carle

M.-O. Pahl

09h00 Welcome

M.-O. Pahl

P. Guernonprez

09h05 What is **Smart Space Orchestration**?

What is the Internet of Things?
What are Cyber-Physical Systems?
What is Pervasive Computing?

10h00 What **Smart Space** research is happening?

Building as a Service (BaaS)

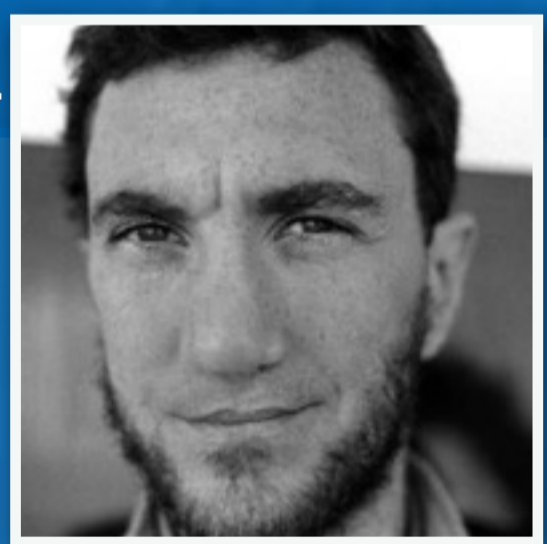

Individualisierbares Energiecontrollingsystem mit Mandantenfähigkeit (IDEM)

Student Satellite Initiative Munich e.V. (SSIMUC)

P. Guernonprez

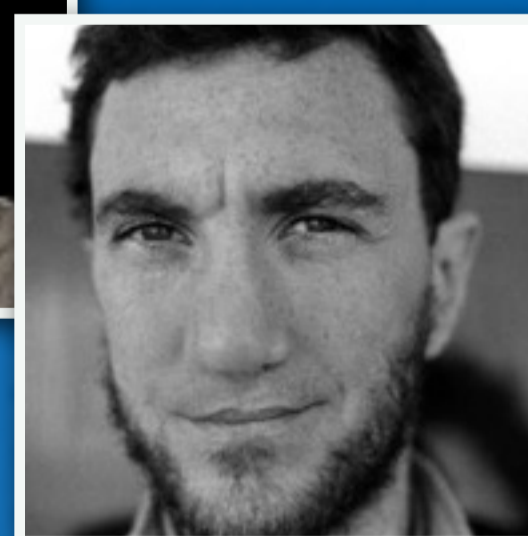

13h00 Introduction to the **Intel Galileo Platform**

Intel Galileo **Hands-on** Session

Brainstorming about Scenarios
Implementation of the Scenarios

M.-O. Pahl

P. Guernonprez

16h30 Wrap-up, Discussion, **Get-Together**

Quick Presentation of the hands-on results (1min / project)
Get together with professionals from Intel, and from the research projects.
